LITHGOW ARMS BATTLE PROVEN SINCE 1912

**Australian
made**

THE AUSTRALIAN-MADE LA101 CROSSOVER

Offered in .22LR, .22WMR and 17HMR rimfire calibres, plus .223 REM and .308 WIN centrefire calibres.

The stock includes an integral molded trigger guard and butt hook for improved prone hold, and is made from the same injection molded nylon as the new F90 rifle developed for the Australian Defence Force (ADF).

Each military grade steel barrel is cold forged and manufactured on the same machine at Lithgow that makes barrels for the ADF's Austeyr rifles ensuring their outstanding accuracy.

Local production also ensures spare parts are easily available.
